When I hear the music... Lord, I'm gonna let it play...
Somethin' like that!

Did you ever get up on the wrong side of the bed
With an achin' head, and just fall apart
You're runnin' late, the boss is bitchin'
It's cold outside and your car won't start
Well I don't mean to bitch, I swear
'Cause we all got our cross to bear

Chorus:

But when I hear the music
All my troubles just fade away
When I hear the music
Let it play, Gotta let it play
Sure as darkness, I can see the day
But when I hear the music
When I hear the music
Let it play, Let it play

Life's just rented space, Gettin' laid to waste
When the lines on my face say I'm growing older
Just a stitch in time, Gonna save my mind
When the weight of the world lies on my shoulers
Soon I won't have a place to fit
But I'll cross that bridge when I come to it

Chorus:

But when I hear the music
All my troubles just fade away
When I hear the music
Let it play, Gotta let it play
Sure as darkness, I can see the day
But when I hear the music
When I hear the music
Let it play, Let it play

Solo

Chorus:

But when I hear the music

All my troubles just fade away
When I hear the music
Let it play, Gotta let it play
Sure as darkness, I can see the day
But when I hear the music
When I hear the music
Let it play, Let it play

But when I hear the music
All my troubles just fade away
When I hear the music
Let it play, Gotta let it play
Sure as darkness, I can see the day
But when I hear the music
When I hear the music
Let it play, Let it play

But when I hear the music
All my troubles just fade away-acap
