they get my cash, they get my cash  
double, double up bitch  
they get my cash, they get my cash

Mother mother fucking bitches on the come up, come

every nigga really wanna see you down, see you down  
really what you got to do is keep it moving, keep it  
moving  
soon or later you will make somebody, make  
somebody proud  
keep the..looking back of the damn thing,  
finally gonna get a light..on the brand thing  
bitch is all on my nuts, nigga knowin what's up,  
I am on a come up, the hatin wanting enough  
I'm activated of talent, and making all of this money  
you're activated of hating and mellow of this funny  
you drive with it, with it, I'm with it, with it,  
you deal with it, with it, I'm trill with it, with it  
so I go to the club, pop a bottle above and chill,  
wole up some bob blowing the under live for real  
I ain't tripping I'm keeping this bitches  
I am sleeping and pimping this motherfuckers getting  
it, getting it

[Hook:]

Niggas what a bunch of money don't even know how to  
swag  
I I take a bitch, make a bitch, break a bitch  
and make it at the outer bag

I I I deep it fresh like a formal,  
mark it at the beginning the weak weak eye  
make a bitch go get another bitch and have a double  
up my G  
double up my G, turn it up my swag,  
doing shopping on top of shopping and poppin tag  
getting top on your bitches, drop stop and making  
cash,  
hit it once but never hit it twice  
and them bitches ain't gotta ask,  
I'm pimping pimping and never know sipping sipping  
I'm keeping it broad up, broad up, bitches gonna hold  
up, hold up  
I got it, I got it, keeping it smoked up,  
I gotta know us, know us, knows us
