Ft. Wiz Khalifa & Chevy Woods

Chorus:

Hold up first, I roll up
Roll up, roll up
These women in the world they know us
Know us, knows us
Haters keep on hating, they grouse us
Killing is a game, you know us, know us

First of all, I'm one of those niggas
who like to get his money straight
â€¦took her to a dinner with a lots of inner stake
Take her to the crib so you..
you could fuck her on the first date
Know a lot of ..make that pussy pop
And do it all without screaming in the night
So when I'm pimping on the spot
You know â€¦to keep it pimping
Pimping and your bitches are choosing
Nigga you losing your pimping
Tough from the bottom, I'm riding to the top!

Chorus:

Niggas, niggas
Hold up first, I roll up
Roll up, roll up
These women in the world they know us
Know us, knows us
Haters keep on hating, they grouse us
Killing is a game, you know us, know us

Niggas getting mad,
it they really matter all the money I've been getting
Coming from a place, you get your owners still .. so
forbidden
Pop up in my car, 1968 Camera, boy, I'm shifting
Give a fuck about the city, see.. to see the crib I'm living
And my niggas getting popped,
and we're rolling up, ain't no stopping
We smoke in front of the cops

They don't even hit the block and tell us to put it out
Me and.. began drugged out
We're getting money in this ma don't even give a fuck
What you talk about, you little bitch!

Chorus:

Hold up first, I roll up
Roll up, roll up
These women in the world they know us
Know us, knows us
Haters keep on hating, they grouse us
Killing is a game, you know us, know us

Getting money since the mother fucking teamâ€¦
But what you know about the mobile phone full of
things?

Or getting knocked off your brand
new ninja for some niggas in a car
Waiting on you with the red Benz
Give a fuck what you're rapping, bitch, I'm a tailor!
I'm rolling weed â€¦I'm on the Cally flavors
Many niggas sweet as candy, see them now later
and niggas ..in the car, about to be a player!
Look! I never hung with you niggas, I never stunt with
you niggas
..I'm on my shit fly, is just fun for you niggas,
I got a drum for you niggas,
and I ain't talking about a mother fucking bed!

Chorus:

Hold up first, I roll up
Roll up, roll up
These women in the world they know us
Know us, knows us
Haters keep on hating, they grouse us
Killing is a game, you know us, know us
