I am lost, with no key
And I worry there's no easy way out of this place,
I'm the pain, that I cause,
Must I let out all the evil to be healed?
To be healed... is it really what I want?
Don't be mean now, you know how I feel,
Give relief, don't be mean to me.
Just leave me the key.
For this once, it's my turn,
To be the strong one, you're in pain,
I try to leave, with grace,
Say hello, to my tear,
I have only one, I kept it safe for this moment.
To be healed, is it really what we want?
Don't be mean, it's not what we need, now.
Give relief, don't be mean to me.
That's not what we need.
Believe in me, don't be mean to me.
Just lend me the key.
To be healed... is it really what we want?
To be mean, no, it's not what we need.
Give relief, don't be mean to me,
Just do as you please,
Will you leave, don't be mean to me,
Just leave me the key.
So will you leave? Don't be mean,
Leave it please...
