Welcome, come in, yes this is me
I gave once too much and now
I can't get rid of thee
I can't be subtle, I can't be kind
WHy should I be there for you
Fuck off and get a life!!

Read a book unwritten,
Kill the poet's dream unhidden
I wonder did I love too much, cross the final line?
Rip my life and spread the news
Cut my wings and make me choose
I leave the fuckin' sword in the rock
Feel hurt? Why should I give a damn?

I know I'm easy target,
I'm sold on black market
How would you feel if I stole what you need?
I give everything to you, what will you do?

What makes you think you won't burn in Hell?
You see a life but not mine
Read me a line from your torture guide
Download new lies on your scythe

This is my vision, this is one man's decision
Wise thinking from a fool
For twisted minds I'm a tool
I could be independent, but I can take the heat
Variety of thieves make my illusions obsolete

I know I'm easy target,
I'm sold on black market
How would you feel if I stole what you need?
I give everything to you, what will you do?

What makes you think you won't burn in Hell?
You see a life but not mine
Read me a line from your torture guide
Download new lies on your scythe

What makes you think my words burn in hell?

I have a life, read me a line
Your diary lies...please get a life

..burn in Hell
You see a life but not mine
Read me a line from your torture guide
Download new lies on your scythe

What makes you think...
What makes you think you won't burn in Hell?
You see a life but not mine
Read me a line from your torture giude
Download new lies on your scythe

What makes you think,
Won't burn in Hell?
You see a life,
Read me a line,
Your torture guide,
Download new lies
