One day, with my baby????  
In a fancy restaurant, d'you have frogfeet?  
Waitress came and gave the bill and possibility  
Those frogfreet cost me hundred bucks  
I can't pay it, run away!

Have you heard the story of the princess and the frog  
All that is to matter, we've got aâ€¦.???  
You will need a prince with you so I will be the frog  
You say I don't understand, they can't see you with me!

I can't afford to pay, your frogfeet, honey

I got a little worried when you said I am too poor  
You say you wanna reach my ..????  
He's the lousiest f\*\*\*\*\*g excuse for a man I never  
saw  
The way he smells makes me sick  
You gotta wonder, does he have a dick?

He can't afford to pay, your frogfeet, honey

Just because I love you so, I let you go  
I knew that she's alone  
It took two days and I'm done cleaning plates  
I've got some forks and knives

I can afford to pay, your frogfeet, honey  
He can afford to pay, your frogfeet, honey  
Now
