I don't know why they are haunting me always  
But I know they aren't letting go  
My feet are so tired, no wind blows my sentinel world  
And once again they make me run away

No place to go, and there's no place to hide now  
I'm only running everyday  
Believe me when I tell you my life has no value  
Don't take my hand, I must run away

I am haunted, I can't take it  
I must run away from you  
Close to getting, close to nothing  
I must run away from you  
I am haunted  
I must, I must run away from you

Why is it me who they are haunting?  
Why can't they just let me be?  
Soon I grow old, I'm not getting younger  
My feet have no use, I can't run away

Now I know why they are haunting me always  
But why they not letting go?  
My feet are so tired, no wind blows my sentinel world  
And once again, they make me run away

I am haunted, I can't take it  
I must run away from you  
Close to getting, close to nothing I must run away from  
you  
I am haunted  
I must, I must run away from you

I don't know life's unwinding  
You know the sky's blinding  
You know I'd like to stay but I must run away now  
I wanna live here with you, but that is one thing I can't  
do  
You know I'd like to tell, I must run away now

I am haunted, I can't take it  
I must run away from you  
Close to getting, close to nothing  
I must run away from you  
I am haunted, I can't take it  
I must run away from you  
Close to getting, close to nothing  
I must, I must run away from you
