Hold me when Iâ€™m standing
When Iâ€™ve fallen, weâ€™re disbanding
You are so goddamn beautiful, but
Unstable, your joke got old.

Sick one trick pony
You fed my fire,
Now Iâ€™m rising ever higher
And the red ripples multiply as
Reflections rise from the sea

From the sea

Take away the pain inflected on me
The hunger youâ€™re letting me feed

I bleed my rust on the roses
That once have chained us, me to you
Your dying love is a rose
I will bury somewhere close to you

When we are dancing
I hear worlds, you're still fading
I feel safe, yet unsatisfied
Soaked in trance and disgrace

You are so jaded, keep me sedated
With your nonsense, deeds and phrases
And if suns still set in your eyes
You get to see my face glow

Take away the pain inflected on you
The hunger youâ€™re letting me feed

Bleed my rust on the roses
That once have chained us, me to you
Your dying love is a rose
I will bury, somewhere close to you

You- bleed your rust on the roses
That once have chained us, me to you
Your dying love is a rose

I will bury somewhere close to you

I bleed my rust on the roses
That once have chained us, me to you
Your dying love is a rose
I will bury somewhere close to you
