

## Sonata Arctica "Unopened"

Another misspelled rhyme  
Written in the book of time  
In one page I've spent all my life  
Ink ain't even dry. I've been living in a lie?  
How could I trust in someone of your kind?

And I got today another letter in the mail  
I can't read it here, not today  
And when years go by  
the unopened letter meets my eye  
I'm older and wiser, but still afraid

What if I read it and it is - full of love  
How can I face it if I am wrong

Do you feel? Do you care about me?  
Did you wait and love me all this time?

I am here, would you come and find me  
does your writing guide me thru this all

What if you'll tell me that I am wrong

Do you feel? Do you care about me?  
Did you wait and love me all this time?

I am here, would you come and find me  
does your writing guide me thru this all

Do you feel?  
Do you care about me?  
Baby, yeah yeah

I am here  
Would you come and find me? Yeah, yeah

Do you feel?  
Do you care about me  
Did you wait, and love me all this time?

I am here  
Would you come and find me cause your writing guide

me thru this all

Do you feel?

Do you care about me, did you wait and love me all this  
time
