Grant me a wish, my master  
Take heed of me  
I have been loyal servant  
Heartfelt, humble

Gave up what belongs to me  
Gave up my greed  
My self-examination  
Made me see, to be me

I am now like Judas, done  
Ashamed of what I've become  
Fear for life I wear as a ring  
To bask in your favor, I will kill the king

You say, I am invincible  
I cannot die  
I know, but anyway  
The words, they maim me

Grant me a wish, my master  
Compassion, please  
I'd like be a human  
Maybe one day

I am now like Judas, done  
Ashamed of what I've become  
Fear of life I wear as a ring  
To bask in your favor, I will kill the king

Let me go  
Master, I hate you so  
How can I sleep my nights  
When my whole being cries

I tried to be like everyone  
Open my soul  
But what I had to give  
Resulted loathing

Enchanted by the power  
Licked by the grace

One beautiful black flower  
The end of the human race

I will with pride now face my faith  
King and Queen now lie in state  
This fear of life I wear as a ring  
I bask in your favor, I have killed the king

Let me go  
Master, I hate you so  
How can I sleep my nights  
When my whole being cries

I had a nightmare  
The wolf eating the raven  
Entrails of life on my plate  
And I ate 'em

Interested in what I see  
Try that Rorschach test on me  
Have you seen the beauty of the  
Enticing beast

Let me go  
Master, I hate you so  
I cannot sleep my nights  
When my whole being cries

Let me go  
Master, I hate you so  
I cannot sleep my nights  
When my whole being cries
