What a surprise I found you here  
What a surprise you came  
What a surprise I held within  
Oh what a great mess we're in  
You always covered your ears when I confessed  
How I like you I like you I like you  
So is it true what the saying says  
Well, whatever, whatever

You didn't need a private caller  
I didn't need another friend  
Never picked up the receiver  
Until you grabbed me by the hand  
You didn't need a private caller  
You didn't need another man  
Till I was on the other end

What a surprise; you drink some wine  
What a surprise; you're drunk and flying  
What a surprise you understand  
I'm figuring out how to land  
You always covered my eyes when you undressed  
But I see you I see you I see you  
So is it true like the saying says  
Well, whatever, whatever

You didn't need a private caller  
I didn't need another friend  
Never picked up the receiver  
Until you grabbed me by the hand  
You didn't need a private caller  
You didn't need another man  
Till I was on the other end  
You're calling me your private caller

You didn't need a private caller  
I didn't need another friend  
Never picked up the receiver  
Until you grabbed me by the hand  
You didn't need a private caller  
You didn't need another man

I never ever had these powers  
I never ever had a plan  
You didn't need a private caller  
Till I was on the other end  
You're calling me your private caller
