So maybe I took too much
Yeah maybe I lost my touch
Or maybe all kinds of stuff
Yeah maybe...

Promise me it comes around again
it doesn't matter if it's true
I beg you please don't take away
the only hope I have to get
Another go with you
And I will change me back to how I was
before I really understood
the easy way to less is always more

Beautiful!
I should have sung it like that
Beautiful!
I should have sung it right back
Yeah, yeah, yeah
I should have sung it to you then
Yeah, yeah, yeah
I should have sung it to the end
Maybe I wouldn't be here now
I should have sung it to you then
Maybe I didn't know how
I should have sung it to the end
Maybe I couldn't get the time
I should have sung it to you then
Maybe I hadn't got why

So maybe I took too much
Yeah maybe I lost my touch
Or maybe all kinds of stuff
Yeah maybe...

All kinds of stuff.

Promise me it runs around
it doesn't matter if it's all a lie
I only want the dream of us
Together like it was

Before you realized the
Why it is we only get one way to know
A night
I wish I'd got back then
The easy way to wrong is never right.

Wonderful!
I should have sung it like that
Wonderful!
I should have sung it right back
Yeah, yeah, yeah
I should have sung it to you then
Yeah, yeah, yeah
I should have sung it to the end
Maybe I wouldn't be here now
I should have sung it to you then
Maybe I didn't know how
I should have sung it to the end
Maybe I couldn't get the time
I should have sung it to you then
Maybe I hadn't got why...

So maybe I took too much
Yeah maybe I lost my touch
Or maybe all kinds of stuff
No maybe...
I fucked this up
