Every time I try to tell you how I feel inside
I always make the same mistake
Tie myself in knots
Sometimes even make you cry
When all I ever want to say
Is "Nobody else in the whole wide world
Makes me feel this way...
Nobody else in the whole wide world
Takes my breath away"

Makes me feel so strange inside
Dazed, confused and starry-eyed
I couldn't love you more

Makes me feel the wrong way round
Inside out and upside down
I couldn't love you more

And every time I try to tell you what I really mean
Nothing seems to come out right
And I end up murmuring foolishly it makes me want to
scream
How I get so stupefied

There's nobody else in the whole wide world
Makes me feel this way
There's nobody else in the whole wide world
Takes my breath away

Makes me feel so strange inside
Open-mouthed and mystified
I couldn't love you more
Makes me feel so upside down
But you're headed round and round
I couldn't love you more

Makes me feel so strange inside
Dazed, confused and starry-eyed
I couldn't love you more

Makes me feel the wrong way round

Inside out and upside down
Oh I couldn't love you more
