"Hey Grim Reaper"

Hey Heeeeey heeeeeey heeeeeey
Red blood stains
On the place that used to have a brain
I know I can't escape you
And so I went and let you
Remove my mind

Your sharp scythe's gleam
A clean long cut on every
unlucky guy you've seen
I knew when we collided
I was doomed to be divided
Into four or five

CHORUS:

Hey Grim Reaper
Please no laceration
On the blood flow route
Neck or throat
The way you slice ain't fair you know
Hey Grim Reaper
I hope I miss every single thing you'll do
To me
Heey heeeeey heeeeeey
Just in time
I'm so glad your hands are all bones unlike me
You gave my skills a trial
And I gave your slash denial
By jumping to the side

I'm so dead
My heart is bound to fall
Right out my bleeding chest
I want away from you
And I'm not an organ donor
Please don't try to harvest my lungs or my mind

CHORUS

The way you can cut a head
Your scythes a horrible death for me
So carcass, I'm so dead
You're the one to take my head off

You see, I can rest now finally
In fact a cadaver is me
I want the world to see you stabbing me

CHORUS

Hey Grim Reaper
I hope I miss
Ever single thing you'll do
To me

Hey, hey, hey
To me
Hey, hey, hey
To me
