This year, Next year....

It all happens in the dark

a complicated knot ties up your time

and suddenly that's your lot.

It could be worse, it should be better

It's coming this year, next year,

sometime, never...

You get to see the world

and you learn a lot,

sprawled in the doorway

of expensive shops.

A broken doll in need of shelter.

It's coming this year, next year,

sometime, never...

You could hit a rich vein,

get on track

if you could shake that monkey off your back,

but he's hangin on covering your eyes

whispering his seductive,

the future's bright it lasts forever

and it's coming this year,

next year sometime, never
