Standing in the green light  
of a neon sign of this old town  
smokin' his last cigarette as the drinks  
he had begun to drag him down, he says  
Wonder how I got here  
and how it all could come to this  
it really doesn't matter now  
when I lost my faith in the love I miss  
- Oh, everything I had is gone  
and all I wanna say now is  
Damn my soul. for the pain I have caused  
Damn my soul. for the love that I've lost  
Damn my soul. for the wars that I have fought  
In your name, was it all in vain  
Waiting for the son of God  
to dry these tears of autumn rain  
he stopped believing long ago  
but when the spirit leaves comes the pain  
- Oh, everything I had was you  
but all I ever did was to  
Damn my soul, for the for the pain I have caused  
Damn my soul, for the love that I've lost bany  
Damn my soul, for the wars that I have fought  
In your name  
Out of my mind, I lose control  
you slip a bit to let it slide  
Out of my mind, damn my soul  
and then you crawl into her universe  
to se you played the fool again  
Into her life I came above  
you came with the lights on boy  
Out of my mind I went with love  
Like a dog thru the backdoor  
Love like a seal on a dance floor  
Love  
Come on, come on, come on, come on  
Standing in the green light  
of a neon sign of this old town  
smokin' his last cigarette as the drinks  
he had begun to drag him down, he says  
Wonder how I got here  
and how it all could come to this

it really doesn't matter now  
when I lost my faith in the love I miss you  
Damn my soul, the pain that I've caused  
Damn my soul, for the love that I've lost bany  
Damn my soul, for the wars that I have fought  
In your name  
Was it all in vain you said  
I damn my soul every day  
I damn my soul
