Here comes the lovely Grace  
Sweeping down the stairs with a  
Big smile on her face  
And sunshine in her hair  
She's taking what she wants  
She's the one that runs the show  
And I'm under her command  
And God I love it so

I say  
Do what you wanna do  
I love you  
Say what you wanna say  
I love you  
Go where you wanna go, baby  
I will follow  
Do what you wanna do  
I love you so

And here comes her pretty face  
The star of the parade  
She's the sweetest even breeze  
With purple coloured shades  
And the Queen of every heart  
As she dances through the crowd  
Well, she had me from the start  
God I need you now

I say  
Do what you wanna do  
I love you  
Say what you wanna say  
I love you  
Go where you wanna go, baby  
I will follow you

Anywhere your heart desires  
As the city explodes I go out of control  
And it feels like I'm losing my soul to you  
Just as long as you need me  
I am here for you baby

Here comes baby G  
To turn out all the lights  
She's a multi-coloured dream  
That takes me through the night

Just  
Do what you wanna do  
I love you  
Say what you wanna say  
I love you  
Go where you wanna go, baby  
I will follow  
Do what you wanna do  
I love you  
Say what you wanna say  
I love you  
Go where you wanna go, baby  
I will follow you

Follow you
