Pretty baby, pick a dress,

I should go

we're going out tonight

To steal the lights

Pretty baby, play that song,

Say Darling, don't you feel

That we belong tonight

So turn it up and take me along

'cause the streets are full of people

The night is full of thirst,

My head is full of you,

O lucky me, I found you first

'cause I'm stone-crazy,

Stone-crazy over you… mmmmÂ…

Pretty baby, drink's for free,

One shot of llucky isgood enough

for you and me tonight.. Tonight

The streets are full of people,

The crowd is full of thirst

My head is full of you

O lucky me, I found you first

'cause I'm stone-crazy,

Stone-crazy over you...

MmmmmmÂ...

Oh the streets are full of people,

The night is full of thirst,

My head is full of you,

O lucky me, I found you first

Oh, I'm stone-crazy,

Stone-crazy over you

Over you babe

Over you

Over you babe...
