Lalalalaaâ€¦
My la-la-lovelight

Lalalalaaâ€¦
My la-la-lovelight

Didn't know what way to turn
Didn't know what bridge to burn
I did my best to make a fool out of myself

And I've been down every dead end road
Ego maniac overload
I can't believe that I'd come begging for your help

All I want is your lovelight
Making me shine bright
Making me feel so beautiful
And all I need is your halo
Making me explode
Making me irresistible

And you keep shining all night
You make it all right
My la-la-lovelight

I'm a wreck, I'm a piece of trash
A fake smile on a photograph
Probably the worst enemy I ever had
But hey honey I'm pretty sure
There's a remedy, there's a cure
I was blind, now I know what I'm looking for

All I want is your lovelight
Making me shine bright
Making me feel so beautiful
And all I need is your halo
Making me explode
Making me irresistible

And you keep shining all night
You make it all right
My la-la-lovelight

Now there's a white cloud on my black horizon
Where the light comes flooding in
And after all this time to my surprise

You win, I lose, you're in

Lalalalaaâ€¦
My la-la-lovelight

You're all that I wantâ€¦
Making me feel so beautiful
And you keep shining all night
You make it all right
My la-la-lovelight
All I want is your lovelight
Baby your lovelight
My la-la-lovelight
