# "My Love (Song To A Butterfly)"

Visit "[My Love \(Song To A Butterfly\)](#)" on [MotoLyrics.com](https://MotoLyrics.com)

The way you crash into my space  
the way you dance into the light  
a butterfly beyond my reach  
your beauty wears me out tonight  
it tears me up inside  
my love if you were my love  
if I was your star  
if you were my love I would never let you down  
the way you drown in his arms into  
the way you keep him satisfied  
a fatal kiss a lethal scent  
your colours fade to black and white  
I lose myself so fundamentally  
my love if you were my love  
if I was your star  
if you were my love I would never let you down  
feel my love  
seek my love tonight  
the way you fall before his feet  
the way you dance into his light  
a butterfly  
my love  
if you were my love  
if I was your star  
if you were my love I would never let you down  
love if you were my love  
if I was you star  
if you were my love  
I would never let you down  
never let you down  
never let you down
