When your mind is a black-out
And your heart is a hole
And you feel like you're left out
In the cold

I will come to the rescue
I'll be taking the fall
I'll be fighting beside you
Through it all

Cause', nobody loves you like I do
And nobody knows you better
When nobody else is there for you
I will be your one man army

Oh oh oh

I was under the ocean
I was gasping for air
I was reaching for heaven
But no one there, no

I was losing perspective
There was nothing to see
All my dreams were neglected
When you came to me

Nooooow
Nobody loves you like I do
And nobody knows you better
And when you'll fight I'll fight for you
I will be your one man army, yeah

Oh oh oh

Your one man army

It's your air
I'm gonna breathe it
It's your blood
I'm gonna blood
It's your pain

I'm gonna feel it
It's your words
I'm gonna speak it

Cause', nobody loves you like I do
And nobody know you better
When nobody else is there for you
I will be, your one man army, yeah

Oh oh oh

Your one man army
One man army
