Home, it's good to be back home
If only just for half a day
If only just for now

Time, we're moving out of time
If only we could stay away
If only we could stay

Safe, someday my love we'll be safe
Somewhere above we'll be safe from harm
Safe from harm

Clouds, hanging down below
If only we could stay long time
If only we could stay

Safe, somewhere above we'll be safe
Someday my love we'll be safe from harm

Safe, safe like a dream when it's safe
Safe like a child when we're safe from harm
Safe from harm, safe from harm

Well now you, you lead me through your door
But will you be around for me
When I come back for more, no

Safe, somewhere above we'll be safe
Someday my love we'll be safe from harm

Safe, safe like a dream when it's safe
Safe like a child when it's safe from harm
Safe from harm, safe from harm
