You see a little girl they call
Louise McGhee
Please do me a favor and shake
her little hand for me
I said if you see a little
her name, Louise McGhee
You know, please do me a favor, shake her little hand
for me

I know a little girl
like a car like a choo could
Her little low down way i wish you
had quite when you should
You know I love that little thing
Like a car, like choo you could

Little always, i sure wish you'd quit when you should

Mmm, Lookie here
If I dont go crazy
Lookie here
If I dont go crazy

Lookie here
If I don't loose my mind

You know cause I stayed bothered, one red all the time

Its a shame
A dirty shame
I so sorry the day I ever
know Louise's name

Yeah its a shame
It's a low down dirty shame
I so sorry the day I ever
know Louise's name

I say, come here little girl
throw up your God dog hands
Cause I been your dog ever since that I know your
name

Don't come here little girl
I say, throw on up your God dog hands
You know I been your dog, ever since that I know your
name

You know when I leave honey
I dont want you to cry no more

I say, when I leave
I dont want you to cry no more

I say, but when I leave this time honey
im gonna hang crape on your door

I gets up in the morning with the blues
3 different ways
I have two mind to leave here
I didnt have but one say stay
I gets up in the morning
I say, with the blues 3 different ways
I got two mind to leave here
i didnt have but one say stay

Honey if I dont ever no more see you
You forever be on my mind

If I dont never no more see you
I say, you forever be on my mind

You know every time I think about you girl
I just can't keep from crying
