Do you believe in fairy tales?

I don't know

But I do believe in Christmas

Walking through a winter dreamland

Sleighbells ringing and my friends by my side

I know we're having fun together

Out on a Christmas ride

The snow is falling all around me

The reindeer is singing our favourite song

And Santa's coming to our party

Dancing all night long

'Cos I believe in Christmas

I believe in dreams come true

When it's cold outside

I close my eyes

And it's magic through and through

I believe in Christmas

I believe in Santa's gifts

All the bells will ring

The angels sing

And Christmas time is here

For you and for me

The stars are shining oh so brightly

The snowman's hopping and bopping with me

Lots of joy for everybody

Under the Christmas tree

Everyone is so excited

You know it's just how I want it to be

I'm hoping that all my wishful thinking

Will be reality

'Cos I believe in Christmas

I believe in dreams come true

When it's cold outside

I close my eyes

And it's magic through and through

I believe in Christmas

I believe in Santa's gifts

All the bells will ring

The angels sing

And Christmas time is here

For you and for me

For real

I can't wait 'cos Santa is coming to town

Oh yeah, yeah

He's gonna make your Christmas dreams come true

'Cos I believe in Christmas

I believe in dreams come true

When it's cold outside

I close my eyes

And it's magic through and through

I believe in Christmas

I believe in Santa's gifts

All the bells will ring

The angels sing

And Christmas time is here

For you
