Sometimes you gotta try again,  
I think we both know you were messin with my head.  
But the spark in your eye and the smile on your face,  
Make it hard to leave, you can play your games on me.  
I know I should go and leave this all behind.  
You ripped my heart out, ran off to catch a flight.  
My friends are tellin me that you're just bad news,  
You're playin me now, I was born to lose.  
But I just can't say goodbye.

Baby keep playin me,  
Cause I just can't let you leave.  
You can build me up and tear me down,  
Piece me back together, put me on the shelf.  
I can be your plastic doll,  
Dress me up and drive me out to the mall,  
Show me off and find somebody else  
I'll take what I can get cause I can tell  
I'm just your plastic doll.  
I'm just your plastic doll.  
I'm just your plastic doll.

Drunk texts and calls are the highlight of my night.  
You can do no wrong cause you're perfect in my eyes.  
Your kiss is like poison pulsing through my veins.  
I gotta have it and I don't care what it takes  
Oooohhh nooooo  
I keep thinking one day you'll wise up and you'll see  
There's a little more to me than guitar and skinny jeans  
No sports fan don't care much for action scenes  
But I swear to god I'll try

Baby keep playin me,  
Cause I just can't let you leave.  
You can build me up and tear me down,  
Piece me back together, put me on the shelf.  
I can be your plastic doll,  
Dress me up and drive me out to the mall,  
Show me off and find somebody else  
I'll take what I can get cause I can tell  
I'm just your plastic doll.

I'm just your plastic doll.  
I'm just your plastic doll.

One day you'll want someone  
That loves you and cares about who you are  
You're better than you get credit for  
So open your eyes and see

Baby keep playin me,  
Cause I just can't let you leave.  
You can build me up and tear me down,  
Piece me back together, put me on the shelf.  
I can be your plastic doll,  
Dress me up and drive me out to the mall,  
Show me off and find somebody else  
I'll take what I can get cause I can tell  
I'm just your plastic doll.  
I'm just your plastic doll.  
I'm just your plastic doll.
