(Huff-McFadden-Whitehead)

There smiling in your face  
Ooh time you wanna take your place  
There backstabbers, backstabbers

All you fellas  
Who have someone  
And you really care (yeah, yeah)  
So you fellas  
You better be with her (yeah)

Somebody's out to get your lady  
Fuel your bodies they sure look shaded  
The blade so long, and tight in their fist  
Aiming straight at your back,  
And I don't think they'll miss

There smiling in your face  
Ooh time you wanna take your place  
There backstabbers, backstabbers  
There smiling in your face  
Ooh time you wanna take your place  
There backstabbers, backstabbers

I keep getting  
all this visits from my friends (yeah)  
And what they're doing to me they call  
to my house, again and again and again (yeah, yeah)

So while there, there to see your woman  
You don't even be home,  
But they just keep on coming  
What can I do, to get on the right track  
Wish they would take  
some of these knives out my back

There smiling in your face  
Ooh time you wanna take your place  
There backstabbers, backstabbers  
There smiling in your face

Ooh time you wanna take your place  
There backstabbers, backstabbers
