(Dirty old man)

You can't keep your hands to yourself
you're a dirty old man
go mess around with somebody else

Now I had told you
you can look, but please don't touch
because you don't understand a word of me
can't you see, I'm not old enough
You say that age, ain't nothing but a number (number)
You're much to experienced for me

All you wanna do
Is take my love
All you want is another victory

(Dirty old man)

You can't keep your hands to yourself
you're a dirty old man
go mess around with somebody else

Next time you see me
you can speak, but please don't touch
because I believed every word you said
and here I am with a broken heart
I run your game down
don't waste it all on you, no no no
because you're a married man, and I'm still free

All you wanna do
Is take my love
All you want is another victory

(Dirty old man)

You can't keep your hands to yourself
you're a dirty old man
go mess around with somebody else
