(Lange / Adams / Streisand / Hamlish)

I finally found someone
who lifts me up on my feet
I finally found the one
that makes me feel complete
It started over coffee
We started out as friends
Its funny how, from simple things
the best things begin

This time its different
Its all because of you
Its better than its ever been
cause we can talk it through
Oh, cause my favourite line
is can I call you some time
Its all you have to say
to take my breath away

This is it, oh
I finally found someone
someone to share my life
I finally found the one
to be with every night
Cause whatever I do
its just go to be you
My life has just begun
I finally found someone
Someone

Did I keep you waiting, I didnt mind
I apologise, baby, thats fine
Id wait forever
just to know you are mine
I love you
I love you
Youre the exception
I can wait for the rest of my life

This is it, oh
I finally found someone

someone to share my life
I finally found the one
to be with every night
Cause whatever I do
its just go to be you
My life has just begun
I finally found someone

Cause whatever I do
its just go to be you
My life has just begun
I finally found someone
