(Gamble-Huff)

Hey, so why do you dream, trying to be so cool  
you know that low down, how you feel about it  
You ain't doing nothing, but trying me baby  
we've gotta a very serious problem, yeah

Ooh, come on baby (we start to get down, down)  
Stop playing with my feelings (it's time to get down,  
down, yeah)

Ooh, there's nothing else you could make up your mind  
right away  
it seem like to me you're trying your best to delay  
Can't you see I wanna love you as long as you want it  
baby,  
as long as you it baby

Baby baby, believe me when I tell you  
every word I say is true, because honey I adore you  
Ooh this time we've been waiting baby,  
is only a game for fools

Ooh, come on baby (we start to get down, down)  
Stop trying to be so cool (it's time to get down, down,  
yeah)

If you would only stop, stop all the stuff that you're  
doing  
come on in and get the faith that I need  
See I wanna love you, as long as you want it,  
as long as you need it baby,

Ooh, come on baby (we start to get down, down)  
Stop playing with my feelings (it's time to get down,  
down, yeah)
