My love, my love
My love, my love

Day after day I find myself just thinking
how it used to be with you
Night after night I cry myself to sleep
wishing I could be with you

Memories may fade with the passing of time
Feelings don't change, they never die

I want my love, my love, my love to be here with me
like it used to be
My love, my love, my love to be near to me
'cause you'll always be

Although I try I just can't stop believing
there's a place for me with you
Oh, tears in my eyes they don't stop me seeing
the only face I'll see and it's you

Memories may fade with the passing of time
Feelings don't change, no, they never die

I want my love, my love, my love to be here with me
like it used to be
My love, my love, my love to be near to me
'cause you'll always be
Used to be my love

Oh, memories may fade with the passing of time
Feelings don't change, no, they never die

I want my love, my love, my love to be here with me
like it used to be
My love, my love, my love to be near to me
'cause you'll always be
Used to be my love

My love, my love, like it used to be

My love, my love, my love, 'cause you'll always be
Used to be my love
