You'll never stop me from loving you

Sonia

Even when you're home

You won't pick up your phone

And take my call

When I see you on the street

You stare down at your feet

You won't talk at all

If only you would see me

One more time and maybe

Some day you will find

That you could really love me

You could really need me

Maybe you could change your mind

CHORUS 1

But you'll never stop me from loving you

It doesn't really matter what you put me through

You'll never stop me from loving you

When I know that you're alone

I wander to your home

And catch a glimpse or two

It seems that all the time

The thought is on my mind

Of being with you

The times I've tried to see you

You know I would meet you

Any time, night or day

But still you just refuse

And no matter what you do

I'll never let you get away

CHORUS 1

But you'll never stop me from loving you

It doesn't really matter what you put me through

You'll never stop me from loving you

CHORUS 2

You'll never stop me from loving you

Wherever you can go I will follow you

You'll never stop me from loving you

Never stop 2x

Never stop me

If only you would see me

One more time and maybe

Some day you will find
That you could really love me
You could really need me
Maybe you could change your mind
