(Stock / Aitken / Waterman)

Just want you to know
when you're feeling low
there's someone who cares
if you can't find the way to go

Oh, when trouble seems to be
your only friend or company
don't let your head hang down
Any time of night or day
what ever happens, come what may
you know I can be found

I just look around, look around
I'll be there, on that you can depend
I won't let you down, let you down
Don't you know that you've got a friend
who is always there
when you need me
when you want me

And if you feel inside your heart
as if your world just fell apart
you can turn to me
I'll put the smile back on your face
the world will seem a better place
and that's a guarantee

I just look around, look around
I'll be there, on that you can depend
I won't let you down, let you down
Don't you know that you've got a friend
who is always there
when you need me
when you want me

I just look around, look around
I'll be there, on that you can depend
I won't let you down, let you down
Don't you know that you've got a friend

I just look around, look around
I'll be there, on that you can depend
I won't let you down, let you down
Don't you know that you've got a friend

I just look around, look around
I'll be there, on that you can depend
I won't let you down, let you down Don't you know that
you've got a friend
