Lord, Your name is above any  
other name  
And forever will remain  
So let the words of my mouth  
And the thoughts in my heart  
Let them praise your name  
Lord, Your throne is above any  
other throne  
And forever will remain  
So let the young and the old  
Let the high and the low  
Let them praise, let them praise  
Let them praise your name  
Lord, Your love is above any  
other love  
And forever will remain  
So let us go with Your Word  
To the ends of the earth  
And let them praise, let  
them praise  
Let them praise Your name
