Tell me (tell me) you love me (love me)  
Say that (say that) you'll hold me (hold me)  
Tell me that you love me  
Say that you will hold me  
Won't you be my baby  
Well, I don't mean maybe

Be mine (be mine) forever (ever)  
I love (I love) no other (other)  
Be mine forever  
I love no other  
Well, be my baby  
Well, I don't mean maybe

I'd give (I'd give) my all dear (all dear)  
Just for (just for) your lips mere (lips mere)  
I'd give my all dear  
Just for your lips mere  
Won't you be my baby  
Well, I don't mean maybe

Well, I said tell me (tell me) you love me (love me)  
Say that (say that) you'll hold me (hold me)  
Tell me that you love me  
Say that you will hold me  
Well, be my baby  
Well, I don't mean maybe
