Sat alone
another day
Wishing you were here and that you would stay

By my side be satisfied and never let you go away
All the day we will be together and that's how we will
stay
Silver cloud; the sun is shining
Far away; away from me
Silver cloud; me heart is climbing
Way up to the sun and beside you
you'll see

Right or wrong
we'll sing along
Dreaming all day long in the summer sun
Merrily I'll make you see that everything is happy and
free
All night long we will be together and that's how we will
stay
Silver cloud; the sun is shining
