Wait for me to come
I know I've been waiting for so long
There's never been a better day
None of this is ever going to go away
If I'd seen your ways (I would go insane)
If I'd seen your ways (I would go insane)
Wait for me to come
I know we've been waiting for so long
There's never been a better day
None of this is ever going to away
If I'd seen your ways (I would go insane)
If I'd seen your ways (I would go insane)
If I'd seen your ways (I would go insane)
If I'd seen your ways
Say it, don't pray
Say it, don't pray
Say it, don't praise
Say it, don't praise
Say it, don't praise
Come to me, come to me, come to
Say it, your way
Come to me, come to me, come to
Say it, your way
Come to me, come to me, come to
Say it, your way
Come to me, come to me, come to
See it, your way
Come to me, come to me, come to
See it, your way
Come to me, come to me, come to
See it, your way
Come to me, come to me, come to
See it, your way
Come to me, come to me, come to
See it, your way
Come to me, come to me, come to
