[June marx] The liquid maneuver I'm sick with the ruger
You shit kid manure, inflicted The sickness bear truth
to the few in pursuit of The dark side be the ruler check
the heading Twin peril armageddon lick ten shots At ya
broke back armor shredding sabotage The next
election beheading its general june Alligator smile and
elements of doom I came to overthrow those who resist
with an open wrist Thought you was holier than thou
when provoking this But now you only choice to bow
when I spoke a script Funny style clown see my crown
and obelisk Kneel before the mic stand or the fire
blazing Annihilation gas chamber iron maiden
Concentration camps filled with hostile hate
Contemplate your death planned spill toxic waste
Across you force you to feel the dark aura That a
corpse do its awful unlawful remorseful Never I'm in
the armory plotting better Ways to sever thoughts of
harming me for whatever The infinite reason effortless
shift the season Desperate grip the freedom dump you
in artic Snow region harshest flow breathing its the
darkest Throne speaking unfold the motherfucking
teaching [Lone Ninja] I'm at long range with a crossbow
aiming at torso You hid in chambers and strongholds
danger was foretold Where's the savior of lost souls
you're held Hostage in hell's mosh pit things ain't swell
you felt Conflict shocked when the swat raids you
locked in the stockade You not brave I'm hostile with
hot rage It's woeful if you wander I roll in mobile missile
launchers You're whole militias conquered behold the
vicious monster Wound your squad who could move
and dodge from the coup de grace Salute the serge or
the troop'll barrage Wear full metal jackets your crew's
vessel blasted We're too terrible so choose several
caskets Bring holocaust to a lavish prince you lost in
the labyrinth Don't cross or challenge us your forces
are powerless Come with horses and chariots we'll
level your sector No divorce from this marriage it's twin
perils forever We'll never surrender we won't be taken
alive Clever pretenders have a death wish they're
waiting to die You'll face your demise, in a matter of
moments You hate and depise, yeah we shatter

opponents yall bastards is hopeless I work magic like
mystic druids Sick and putrid I'm spitting like liquid
fluid
