[Lone Ninja] I tighten the darts more and more, I strike
in the dark corridors The fighting will start rip titans
apart war is war Slash and sever the long axe is
menacing It's wrath and terror we combat veterans Yall
back pedaling, we forward march Harm and crack
skeletons, you're in water with sharks Mourn as we
spell your doom we wasn't born With a silver spoon you
do us wrong and we'll seal Your tomb, feel the gloom
as you wander the maze Demolish and slay tommorrow
isn't promised today Give honor and praise, I'm
blindfold with katana blade Die slow, with eyes closed I
will clobber prey Rob your grave, maraud and plunder
Conquer and raid, cuase shock and awe and wonder
We're roaring thunder, who applaud our elders Head
towards the bunkers or the fallout shelters Plot and get
blown to smithereens, we chopping we chopping your
dome With guillotine spill the beans, June Marx and
Lone's the illest team Fullfilling dreams or your squad
is dying Sparks is flying, the chilling screams are
horrifying Got the heart of a lion and the eye of an
eagle I'm the largest of giants I'll get violent and evil
You silent and peaceful, don't wage in battle I'm brolic
and lethal, go pray in the chapel [June marx] Make
plans I radiate scans throw on your raybans Mind
steady learning emerging straight out the wasteland
Shake hands on paid deficits slay effortless Hunger
made us constantly suffer became predators
Weaponless war terrorist raw battlin monstrous
Smuggle ammo within the shadow of the colossus
Cosmic waves buried deep in the caves, a lethal rage
Breathe deep release secrets with age indecent blades
Darts flying spark iron we clash the dark alliance Spar
tyrants raw words surpassing art and science Horrifyin
sound weapons blowing flesh opens In a direction
flowing like victims is breaststroking Neck broken
thrown in various ways deep in the summit Seas of
bodily fluids spray leaking from stomach Preachers
summon spells ward off hordes of demonic forces
Twin perils desecrating multi symbolic crosses Losses
taken june orchestrate doom with facial wounds Catch
me in the break room burning haze exhaling fumes

Mixtape biohazardous waste the rhyme unravel
Monumental statue I stab you with flying shrapnel
Pteoradactyl wingspan bring man to bended knee
Withstand earth fire and wind with weaponry yo
