(Heaven knows)
The way that you hold me
The way that you care
The way that you touch when theres nobody there

Heavens knows the way
Have you ever been lost in a feeling
So deep and so strong youre afraid you will loose it?
You have no power to stop
but then if you could, would you choose it?

I never wanted anyone this way
I never want to make it go away
Wait, wait untill I show what I can do
What I can do to you

Heaven knows the way
That I feel,
Heaven knows how hard it is to want you
Heaven knows the way,
That you feel
Heaven knows if you will want me too now?
Heaven knows the way

The way that you hold me
The way that you care
The way that you touch when theres nobody there
Heaven knows the way (x2)

Would you mind If I kissed you and held you so close
I could feel every heartbeat?
And if I did it again would you stop me
and let me regret it?

I never wanted anyone this way
I never want to make it go away
Wait, wait untill I show what I can do
What I can do to you

Heaven knows the way
That I feel,

Heaven knows how hard it is to want you
Heaven knows the way,
That you feel
Heaven knows if you will want me too now?
Heaven knows the way

The way that you hold me
The way that you care
The way that you touch when theres nobody there
Heaven knows the way (x3)

Heaven knows the way
That I feel,
Heaven knows how hard it is to want you
Heaven knows the way,
That you feel
Heaven knows if you will want me too now?
Heaven knows the way

The way that you hold me
The way that you care
The way that you touch when theres nobody there
Heaven knows the way (x2)
