Windows are open
All the curtains dance
Dance in the wind making shadows
Watch you, are you sleeping
Wishing you could know
How I feel as I open the door
I don't wanna wake you
This hurts for me too
So as I leave I whisper to you
I wish you love and heart
And days are laughter and joy
I wish you happy life
But it has to be life without me
Blinded I was blinded by your shining light
Lost myself and my future
Thank you oh thank you for all the wrongs and rights
And for giving me all of your love
I don't wanna wake you
This hurts for me too
So as I leave I whisper to you
I wish you love and heart
And days are laughter and joy
I wish you happy life
But it has to be life without me
I wish you lot of love
I wish you lot of happiness
I wish you love and heart
And days are laughter and joy
I wish you happy life
But it has to be life without me
I wish you lot of love
I wish you lot of happiness
