When you're down feel the love
Don't give up enjoy the show
People come people go
In this game of life you know

I wanna start it over
I hope to be with you again someday
I wanna start it over
Nothing left to say

I guess I fell in love (I fell in love)
I fell in love with someone that I know
I guess I fell in love (I fell in love)
I fell in love with you

I guess I fell in love (I fell in love)
I fell in love with someone that I know
I guess I fell in love (I fell in love)
I fell in love with you

I could walk a million miles
For your kiss you hypnotize
Let me say I need you though
Stay with me please don't go

I wanna start it over
I hope to be with you again someday
I wanna start it over
Nothing left to say

I guess I fell in love (I fell in love)
I fell in love with someone that I know
I guess I fell in love (I fell in love)
I fell in love with you

I guess I fell in love (I fell in love)

I fell in love with someone that I know
I guess I fell in love (I fell in love)
I fell in love with you

I really feel he's so special
I really hope he's for me
I really feel he's so special
Give me your love come to me

I guess I fell in love
I fell in love with someone that I know
I guess I fell in love
I fell in love with you

I guess I fell in love (I fell in love)
I fell in love with someone that I know
I guess I fell in love (I fell in love)
I fell in love with you

I guess I fell in love
