Holding hands  
Skipping like a stone  
On our way  
To see what we have done  
The first to speak  
Is the first to lie  
The children cross  
Their hearts and hope to die

Bite your tongue  
Swear to keep your mouth shut

Ask yourself  
Will i burn in Hell?  
Then write it down  
And cast it in the well  
There they are  
The mob it cries for blood  
To twist and tale  
Into fire wood  
Fan the flames  
With a little lie  
Then turn your cheek  
Until the fire dies  
The skin it peels  
Like the truth, away  
What it was  
I will never say...

Bite your tongue, swear to keep  
Keep your mouth shut  
Make up something  
Make up something good...  
Holding hands  
Skipping like a stone

Burn the witch  
Burn to ash and bone
