"God Is Here"

Visit "[God Is Here](#)" on MotoLyrics.com

In Your presence there is fullness of life
Healing flowing for body soul and mind
God of the impossible, God of miracles is here

God is here, let the broken-hearted rejoice
God is here, let the weak say I am strong
God is here

In Your presence there is perfect peace
And in stillness I behold Your deity
God of wonders, God of power is here

God is here, let the broken-hearted rejoice
God is here, let the sick say I am well
God is here, let the weak say I am strong
God is here, His wonders to perform

God is here, let the broken-hearted rejoice
God is here, let the sick say I am well
Oh, God is here, let the weak say I am strong
God is here, His wonders to perform

His wonders, His wonders, His wonders to perform
His wonders, His wonders, His wonders to perform
His wonders, His wonders, His wonders to perform
God is here, God is here
