God above, in You I live and breathe
And You will always be
Son of God, I owe my life to You
Your promises are true
Your love goes on and on forever

Write Your name upon my heart
Burn Your word into my mind
Make a temple of this body
Let Your Spirit move inside

I have wandered through the valley
And I have wondered who I am
You have come to make Your mark
So write Your name upon my heart

God above the first, the last, the same
All glory to Your name
My Jesus, it's You who I adore
Lamb of God and Savior
Your love goes on and on forever

Write Your name upon my heart
Burn Your word into my mind
Make a temple of this body
Let Your Spirit move inside

I have wandered through the valley
And I have wondered who I am
You have come to make Your mark
So write Your name upon my heart

All my heart and soul and strength
Are Your possessions, Yours forever
How glorious to wear Your precious name
Write Your name upon my heart
Write Your name upon my heart

Write Your name upon my heart
Burn Your word into my mind
Make a temple of this body
Let Your Spirit move inside

Write Your name upon my heart
Burn Your word into my mind
Make a temple of this body
Let Your Spirit move inside

I have wandered through the valley
And I have wondered who I am
You have come to make Your mark
So write Your name upon my heart
