In the wind of evil eyes  
I watched every frozen star  
surrounding a dyong sun  
Twilight  
climbing up so high  
show me all your glory  
and guide me on the road  
Winds of ages tragedies  
saw its steam  
Blazed higher than all those  
gloryful armies  
encouraged by the sun  
A mournful touch, flies with  
the past sound  
And the blade of the high priest  
A conqueror held his sword  
for a mighty battle, and years to come  
Let's sail the cold togheter  
to your heart, my night  
And challenge them in these  
years of brightness  
Hungering, my love  
I saw its eyes  
His...  
Yet in stained dozes of the chamber  
And walked with us  
through time... and them  
for these angels that laid to rest  
and kissed the hallowed lands  
Kiss the blood  
and die with me...  
Into uncountable milleniums  
Gave their stoned soul, and condemmed  
our waste  
Who was never to be repealed  
Gather so they see  
and walk with them to submission of  
eternal pain  
For a higher law, saw them all die  
I settled for the odious to see  
My dark and hateful eternity
