Infernal majesty,
Gibbering... pattern, enthusiasm
Slowly affected as light becomes violent
And the exceeding of thoughts is blinded by it's slaves
Monstrous abundance, I'll share the same with you
If you can reach the stars
In the pleasantness of fertile harm, scattered all over
Experience fault, experience the tower,
Grown with its own prudence
And with sketches of the malignant three
On course with the five in line
A heart of those that pleasure must be bent before
their eyes
Then I see the dragon rise
The mirror of pain, Graciously caressed
In urge to dispute the male figure
Grotesque shimmering, falsefull tales
Indocrinated formulas
Itches the claws of the humorized bat
And no life there, feeds without love
Cleansed through the whirlwinds as I
Rock the throne of delight
Harmonized as one, redeemed satisfaction, must be
pleased
Circular extension, eroticism in the saddle of
connection
Infernal power, open up and determine man where he
stands
To make our heart complete
And watch the syndromes fall
Proud symbols to be as the seven itself
And no thing is for sure, as we glance into the black
sun
The keeper of light, altogether,
Anonymously attracted to the scorpion dancing in his
eyes
As our convoy melts together,
We sail the flesh as the apple gets irresistible
Life's put to peace, the silent lamb is conquered
Access, announce, might of great will
And leaps from the shore of solitary

Time to feed, time to let go
Black shimmering, carrier of crowns, prospect mirror
rising
Abhorrent teardrops, landscapes, formations,
Accordingly to the ten signs
Ego, echo, tranquillity is born
Diving, divine spectre
