Why don't I see all the troubles you should have?
Since you are poisoning We The People
At the end of the day even Jesus had to pay
With his life
Or was it for our eternity?

And we're gonna be ashamed
If you wanna use our names
To spread your warfare flames

You have transformed to be what I see as an enemy
You have transformed to be what I see as an enemy

Blessed is he who reads and those who hear
Every word of this prophecy,
And keep those things which are written in it clear
Oh, for the time is near

We're gonna be ashamed
If you wanna use our names
To spread your warfare flames

Oh, You have transformed to be what I see as an
enemy
You have transformed to be what I see as an enemy

I'm not ready to fight them all tonight
I'm not ready to hit the grave tonight
I'm not ready to fly away
On behalf of your treachery
I'm not ready to battle them tonight
I'm not ready to meet the light tonight
I'm not ready to take them down
On behalf of your treachery
Oh, should we consider raising our flags tonight?
Should we consider raising our flags tonight?
Or continuing hailing the chiefs
Despite all their treachery
