"Me & Stars"

Days they'll never be the same
A long long time since I've been 'round here
Still streets are calling out your name
And I'd like to see you
But you never call me

I wonder where are you
Stars only saw you there
Only saw you there

Cant stay for long Im growing wings
But I'd like to stay a minute longer
To tell you all the stupid things
I'll tell you this when I'll be little stronger

I wonder where are you
And why dont you tell me
Your favourite storries
About morning glory
Stars only know it all

I hate everything about you now
Everything about you now
I hate everything about you now
Everything about me now
Can no longer hang around
Gonna fall and hit the ground
Wonder what was all about
Everything about you

Me and stars
We're burning away
