Here we are now; swear it's like a dream
Staring in those brown eyes, staring back at me
That little smile you give me, is enough to hold on to
Until I know you're with me, until I know that I'm with
you

I'm living in the moment
Living in the present time
Living for the feeling that I'm feeling here tonight
Loving every minute, your skins against my skin
Living in the moment
'Til I can live it all again

Everything I told you is everything you need to know
'Cause every time I hold you, I don't want to let you go
I know you want to trust me, and I can feel you holding
back
I ain't askin' for you to love me baby, I'm asking for a
chance

Living in the moment
Living in the present time
Living for the feeling that I'm feeling here tonight
Loving every minute, your skins against my skin
Living in the moment
'Til I can live it all again

Don't have a clue where this is going
Or where I stand
All I know is when I'm with you
I love where I am

Living in the moment
Living in the present time
Living for the feeling that I'm feeling here tonight
Loving every minute, your skin against my skin
Living in the moment
'Til I can live it all again

'Til I can live it all again

Oh oh oh OOOOH
