I woke up with the premonition that I'd be fine lying to
myself
But this tore me up from the inside out
This is something that I needed, but you didn't want it
We could have been perfect
But at one point or another, we broke down

I feel like I am flying
Lets call this payback darling
I caught you when you forgot my name
Persistence taste like trying
These words could start a fire
I'll burn you to ashes with the flame

just tap your shoes and wish for home
three clicks and you'll be off the hook
if you're sincere, you had me fooled
I'll pound these keys until I bleed
This ivory is my self esteem
don't consider this bad news....

I feel like I am flying
Lets call this payback darling
I caught you when you forgot my name
Persistence taste like trying
These words could start a fire
I'll burn you to ashes with the flame
